
A guide for Tong Tong Wallet

- Search and download the Tongtong wallet on the App Store/Google Play Store
 - App store : <https://apps.apple.com/kr/app/tongtong-wallet/id1618695778>
 - Google play store : <https://play.google.com/store/apps/details?id=com.tongtong.wallet>

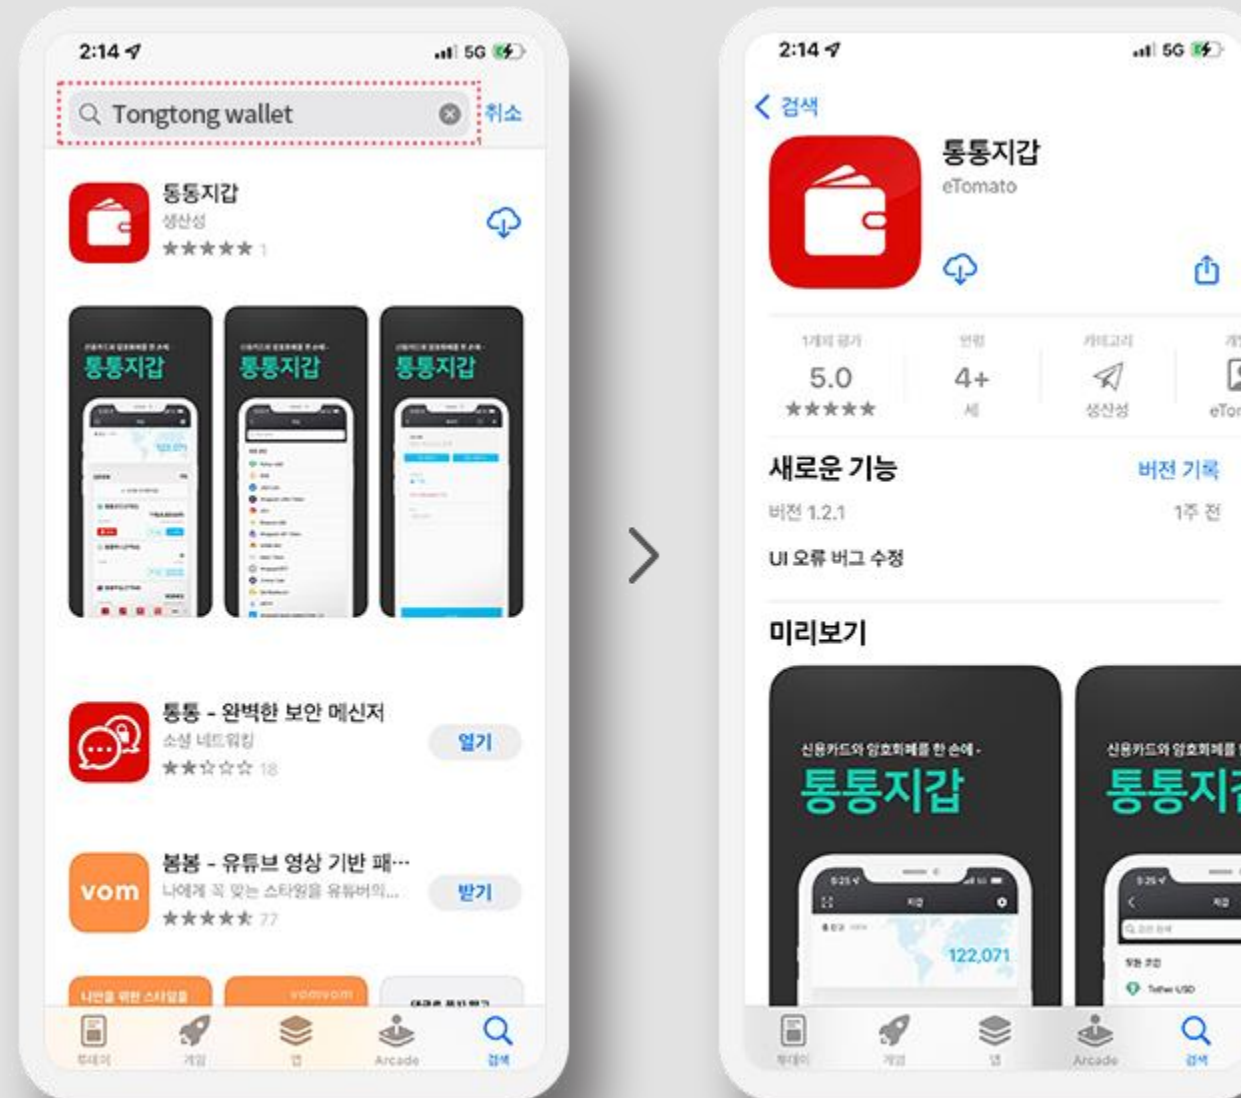

1. Installing a TongTong Wallet

2. Creating a wallet

3. Registrating a card

4. Charging and paying TTM

5. Send/Receive Cryptocurrency

- First, install a TongTong wallet app to register/log in.

After logging in, click the Wallet Shape icon, and then follow the below process to create your wallet. Once the security key generation is complete, the creation of the TongTong Wallet is complete.

* You must record the 12 words of the security key separately.

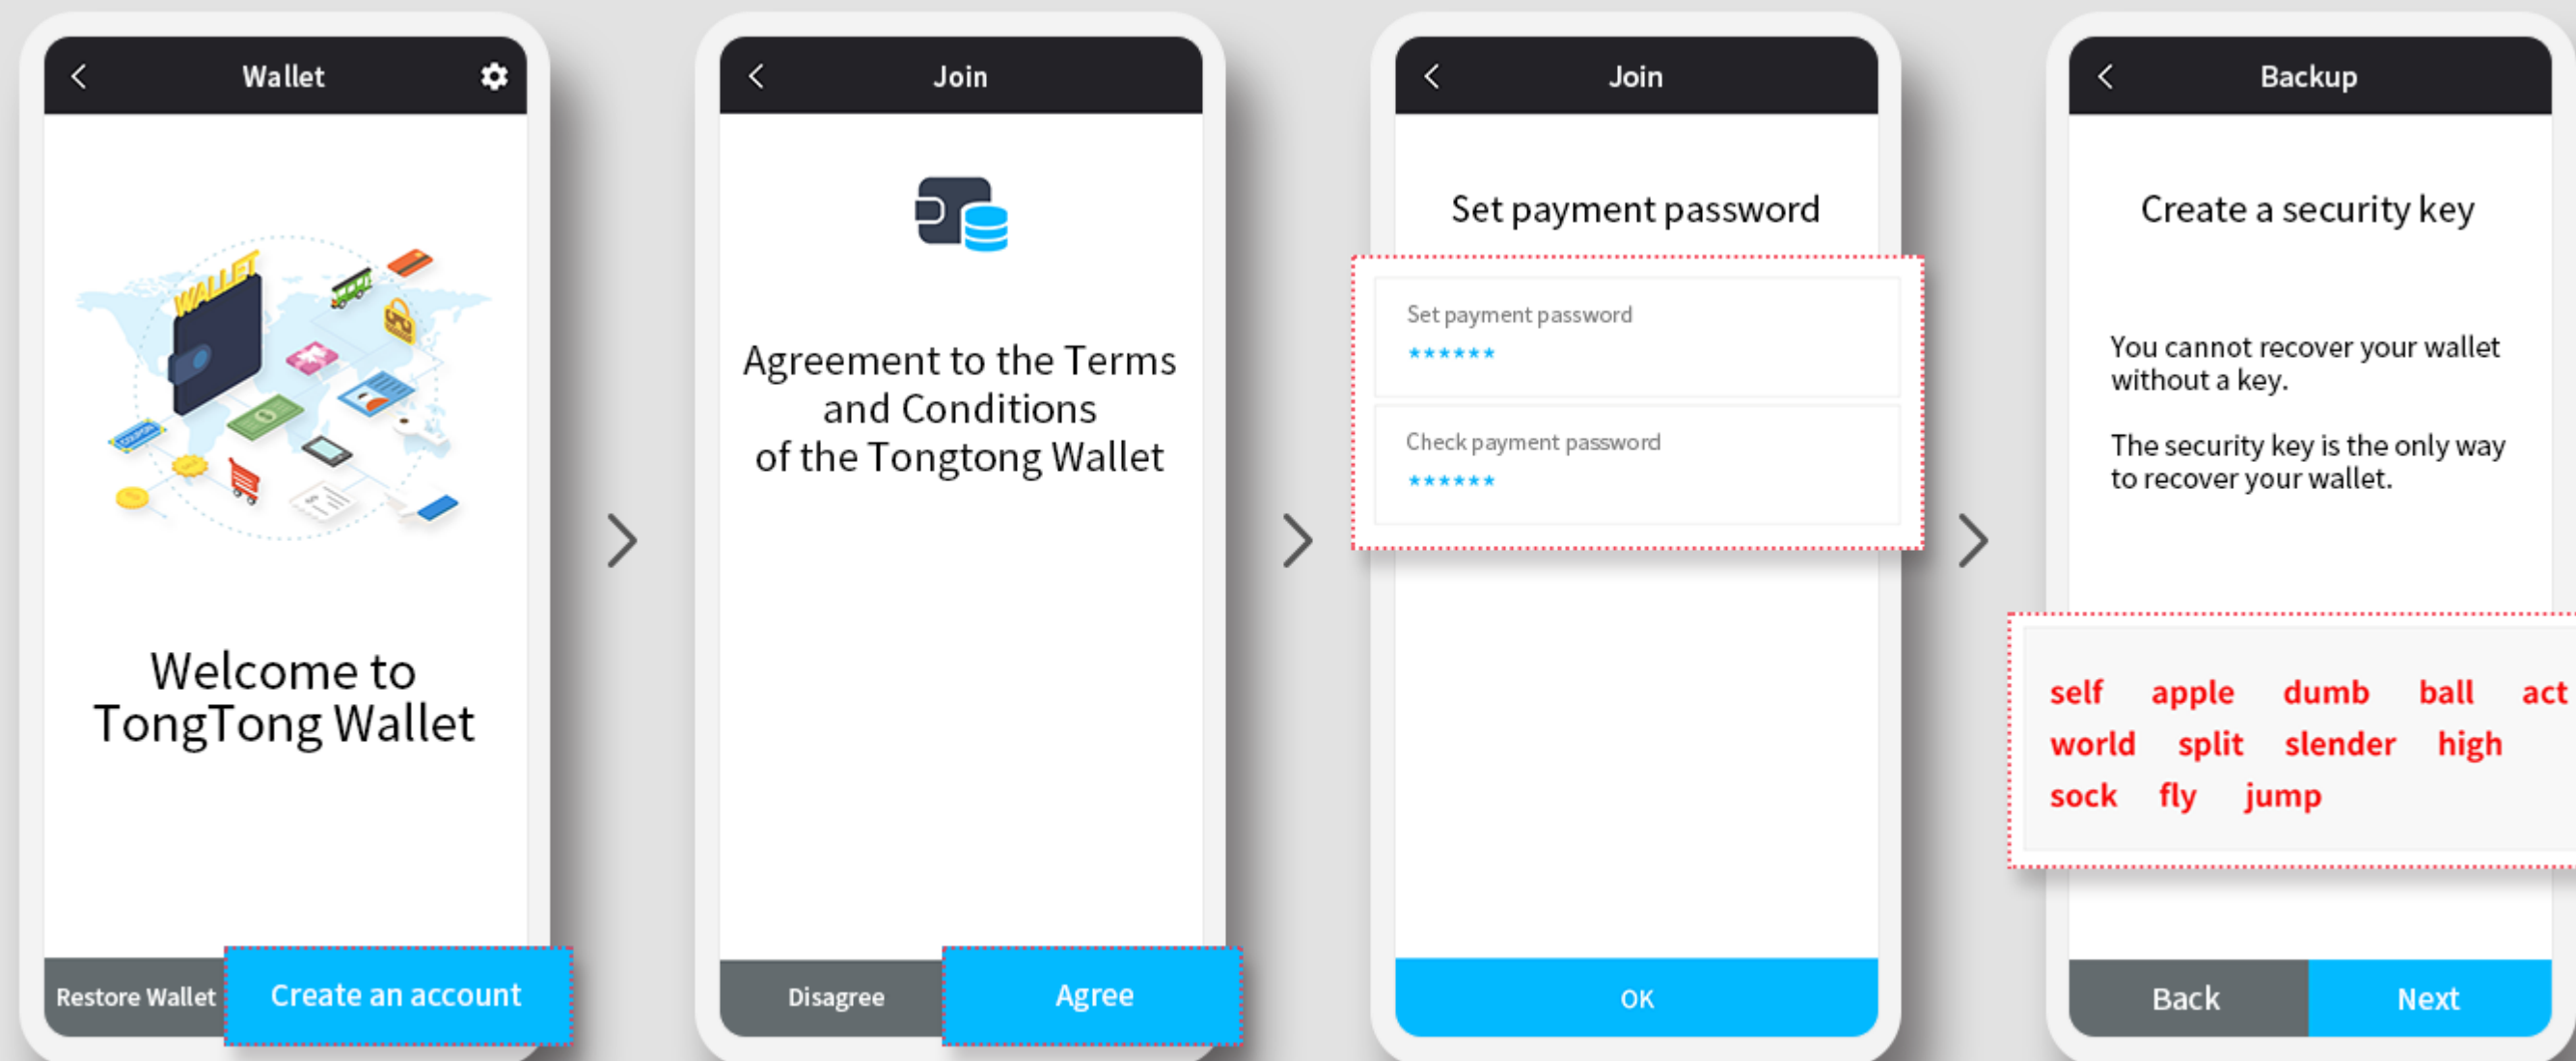

1. Installing a TongTong Wallet

2. Creating a wallet

3. Registrating a card

4. Charging and paying TTM

5. Send/Receive Cryptocurrency

- Click the Add Credit Card button on the Tongs Wallet > Card.

Scan your card, or enter your card number and expiration date.

Your card registration will be completed when Personal identification (Pin number/Face identification) is completed.

* Only one card can be registered, and if you want to change the card, you can change it after deleting it.
